

Thursday, December 1, 2011 / The University of Tokyo

CMSI Students Seminar

Advisor: Keiichiro Kushiro
Post doctoral fellow, Department of Chemical engineering, Northeastern University

VENUE: Room 725 in Faculty of Eng. Bldg. VIII

Seminar Chair: Madoka TAKAI

	Speaker(grade)	Title
13:30	Kyosyuke Nii (M1)	Phospholipid modified PDMS microchip electrophoresis for protein separation
14:30	Kenji Takasu (M1)	Prevention of protein denaturation on block typed phospholipid polymer brush
15:30	Tatsuro Fukushima (M2)	Ultra-fast immunoassay with 3D structured microfiber device
