

Toward the development of the student exchange and collaboration projects with the Bio Technology Institute of the University of Minnesota

Prof. Senoo, Director of BRC, and Prof. Nojiri visited the Bio Technology Institute (BTI, <http://www.bti.umn.edu/>) of the Minnesota University to discuss on the future student exchange and collaboration with Prof Michael Sadowsky, Director of BTI (Second from left in photo), Dr. Satoshi Ishii (First from left in photo), and many other staffs. Together with Departments of Applied Biological Chemistry and Biotechnology of GSALS, BRC plans to develop the international program with BTI for student exchange, joint symposium, and collaboration.
