

2012 年度 講演リスト

1. N. Nagaosa, "Beller Lectureship: Dynamics of skyrmions under electric current", APS March Meeting 2013, Baltimore Convention Center, Baltimore, Maryland, March 18 (2013).
2. N. Nagaosa, "Topological protection of bound states", Kick-off meeting for Shanghai Center for Complex Physics, Shanghai, China, January 10-13 (2013).
3. N. Nagaosa, "Topological protection of bound states", IAS Asia Pacific Workshop on Condensed Matter Physics (APW), HKAUST, Hong-Kong, China, December 15 (2012).
4. Y. Tokura, "Toward Topological Spintronics - Multiferroics, Skyrmions, and Magnetic Topological Insulators -", (Plenary), 8th Handai Nanoscience and Nanotechnology International Symposium, Suita, December 10 (2012).
5. N. Nagaosa, "Dimensional reduction and topology", ICMFS 2012, Fudan University, Shanghai, China, September 26 (2012).
6. N. Nagaosa, "Skyrmions and skyrmion crystal in helical magnets", KITP workshop Frustrated Magnetism and Quantum Spin Liquids: From Theory and Models to Experiments, University of California, Santa Barbara, Santa Barbara, USA, September 18 (2012).
7. Y. Tokura, "Multiferroics: present status and outlook" (Plenary), Psi-k Research Conference on "Computational Oxide Spintronics", Cheshire, May 7 (2012).
